TESTIMONIALS

Our students enjoy learning from Julie any time we have her speak, whether it is to lead a workshop or be part of a panel discussion. Julie quickly builds rapport with the audience, engages them with easy-to-digest stories and insights, and leaves them wanting more time with her. Her unique presentation style and authentic delivery make an impact, and she has a knack for leaving the audience inspired to take action. We will have Julie back for future speaking opportunities.

It was a pleasure and honor to have Julie present "Wellness in Immigration: Strategies for Addressing Burnout" at the New Mexico State Bar during our 2022 Immigration Law Institute. Julie's energy and approach of shedding a new light on burnout won over the audience the moment she began speaking. Her presentation alongside her counterpart received high praise from the attendees and we received requests to bring her back for the next annual institute. She is on the fast-track for greatness, and we will be looking forward to working with her again.
